

BENEFITS

- Businesses can deduct the full purchase price of Kimball Office furniture purchased or financed during the tax year from their gross income.
- Cash flow is increased – by financing you can acquire a new work environment with little or no cash payout in the first year. Companies keep their capital for other investments.
- Businesses purchasing \$800,000 or less of capital items, including purchases of Kimball Office furniture, can deduct up to \$250,000 of those purchases immediately on their 2009 tax return. The furniture must be placed into service during calendar year 2009.
- Businesses purchasing more than \$800,000 of capital items, including purchases of Kimball Office furniture, can take a 50% bonus depreciation in the first year the items are placed in service.
- Kimball Office modular furniture gets assets off the books in 7 years vs. 40, with the largest portion written off in 1 year!
- Kimball Office and Key Equipment Finance offer qualified businesses 0% leasing for 38 months when you purchase the latest Kimball Office solution. For more information please visit <http://www.kimballoffice.com/resources/leasing.aspx>
- To purchase new Kimball Office furniture that would qualify under Section 179 or be eligible for a 50% bonus depreciation please visit www.kimballoffice.com

*Companies should consult their CPA or visit www.depreciationbonus.org for how this affects their particular situation
