

## *Aloha had me at hello...*

"I can't imagine running our restaurants without an Aloha System ... and I mean that! Aloha is simply the best system for this industry. It's easy to use and our staff loves it. **North Country Business Products** provides service that is professional, timely, and efficient, complimented by a staff with an extensive background in the restaurant industry. This makes it easy for them to understand and respond to our needs. I highly recommend Aloha from **North Country Business Products.**"

—Dianne Boemer, Owner of McGoverns, St. Paul
