# CUSTOMER SERVICES

At North Country Business Products a strong commitment to customer service is at the heart of our business. Our service infrastructure includes; factory trained technicians, Call Center Support Analysts and on-site support when needed. We'll work with you to fully leverage your Security Solution from front to back.

But don't just take our word for it...

*"Our security camera system at Soo SuperValu Foods was installed by very qualified and professional technicians at North Country Business Products. Our DVR/Security system has paid for itself time and time again by controlling the amount of theft, as well as identifying the individuals involved."*

John Plumm - Soo SuperValu Foods

*"North Country Business Products has been a great partner in helping us grow our Loss Prevention Program. I appreciate how they develop solutions that fit our needs. **Quality, Value and Service** are why we will continue to partner with North Country Business Products in the future."*

Joe Laufenberg - Festival Foods
