

Hospitality POS Solution

Future POS

WORRY-FREE HOSPITALITY POINT-OF-SALE SOLUTION

Understanding your need for a dependable POS system, North Country Business Products has developed a reliable, easy to use solution including Future POS software, durable hardware, and efficient installation, implementation, and training services. You can focus on managing your business operations while we ensure that your point of sale infrastructure is running smoothly.

POWERFUL & ROBUST

Future POS is fast and reliable software that fits your business – whether it’s casual, quick serve, or fine dining. Offer customer loyalty programs, efficiently manage tables, and perform driver’s license verification with this robust solution.

ADAPTABLE & EASY

With a completely customizable interface for menu layout, buttons and graphics, **Future POS** will adapt to fit your needs. The intuitive user interface minimizes staff training and improves server efficiency.

MOBILE TECHNOLOGY

Send your servers to tables with tablets, or offer pre-arrival online and mobile ordering. Increase efficiency and improve customer service times with supported handheld devices.

FULLY-FEATURED

- ★ — The software solution includes all the features you could
- ★ — want in a point-of-sale system with no additional cost for
- ★ — advanced features or functionality.

FEATURES

Your customers are demanding, which is why you need tools to automate and safeguard your business with minimal hassle. **Future POS** includes all of the features you could want in a point-of-sale system out of the box.

CUSTOMER LOYALTY

Increase customer loyalty through rewards, beer and wine clubs, gift certificates, and email alerts.

LABOR MANAGEMENT

Create and manage labor scheduling and support employee time-keeping.

TABLETS & HANDHELDS

Servers place orders and take payments, tableside, for faster service and increased turnover.

KITCHEN & BAR

Kitchen displays, ingredient tracking, food costing, and drink recipes provide fast fulfillment.

REMOTE CONTROL

Access/update store-level data from a single site and have alerts and reports sent to your cell phone.

RESERVATIONS & CHECKS

Easily make and manage reservations. Split checks by seat for simple receipt processing.

BACK OFFICE TOOLS

Advanced reporting, payroll interface, and inventory control programs give you the tools to grow.

DURABLE HARDWARE

Get reliable, robust performance from the compact all-in-one touchscreen that fits wherever you need it. Designed with the hospitality environment in mind, the system was tested for impact and vibrations ensuring long life and extended use. Don't stress about spills or splashes since the IP54-qualified, sealed fanless design helps prevent them from entering the system. You can count on the hardware and software to work efficiently for years to come.

NCBP SERVICES

Our team of knowledgeable professionals deliver your solution, installed and integrated within your environment, in scope, when you need it, and on budget. Optimized training provides a smooth transition and quick ramp up.

SOLUTION SUPPORT

Our dedicated 24/7 customer care center and skilled service and support staff will minimize your downtime and ensure your systems are performing at optimal levels. Multi-level help desk, with escalation process, ensures that assistance is provided quickly even for unique customized environments. We are committed to offering the highest level of customer satisfaction for all our services.
